

From the Easel

K / 1 Room. David Foster

Kindergarten have been talking about how warm and cool colours make them feel. They used cool colours in the background and warm colours for the star.

1 / 2 Room. Jorja Humphries

In Maths, 1/2 have been learning about vertical, horizontal and oblique lines. In art we created a piece of work using these different lines and a variety of media.

3 / 4 Room. Thomas Casnave

This is a South American Parrot called a Macaw. We completed this using bright oil pastels.

5 / 6 Room. Chelsie Crossley

The class used a variety of pastel crayons to create the base for this artwork. They then used thick black paint before scratching out their animal design, which tied into their unit on Aboriginal Art.
